

Justin A. Vasel

CONTACT	727 E. Third Street Swain Hall West 117 Bloomington, IN 47405	Email: jvasel@indiana.edu LinkedIn: justinvasel Twitter: @justinvasel
RESEARCH INTERESTS	Neutrino Astrophysics : supernova detection; oscillation; high-energy sources Heliophysics : space weather prediction; solar wind generation; sunspots Public Policy : economic and societal effects of science policy in the United States	
EDUCATION	Doctor of Philosophy, Physics <i>Indiana University</i>	August 2013 — Present
	Master of Science, Physics <i>University of Minnesota Duluth</i>	September 2011 — August 2013
	Bachelor of Science, Physics <i>University of Wisconsin—Eau Claire</i>	September 2007 — May 2011
HONORS & AWARDS	Treviño Service Award <i>Graduate and Professional Student Organization, Indiana University</i>	April 2014
	AAPT Outstanding Teaching Assistant Award <i>American Association of Physics Teachers</i>	May 2013
	Outstanding Graduate Teaching Assistant in Physics <i>University of Minnesota Duluth</i>	May 2013
	Student Research Day Poster Competition — First Place <i>University of Wisconsin—Eau Claire</i>	May 2011
	University Physics Competition 2010 — Silver Medal http://www.uphysicsc.com/ (<i>International</i>)	November 2010
	Physics Beyond the Classroom Scholarship <i>University of Wisconsin—Eau Claire</i>	Fall 2010 — Spring 2011
CONFERENCES ATTENDED	American Physical Society April 2013 Meeting <i>Poster Presenter</i>	April 2013
	221st American Astronomical Society Meeting <i>Poster Presenter</i>	January 2013
	217th American Astronomical Society Meeting <i>Society of Physics Students Reporter</i>	January 2011
	41st Nobel Conference — The Legacy of Einstein	September 2005

RESEARCH
EXPERIENCE

The NuMI Off-Axis ν_e Appearance Experiment (NO ν A) May 2014 — Present
Fermi National Accelerator Laboratory — Batavia, Illinois

The Helium and Lead Observatory (HALO) December 2011 — Present
SNOLAB — Lively, Ontario, Canada

- Developed existing Objective-C software to interface with experimental hardware
- Designed and implemented a web-based monitoring tool to be used by experimenters for remote shifting

Determining the Radial Location of the X-ray Emitting Zones of Spica January 2008 — July 2011
University of Wisconsin—Eau Claire, Department of Physics and Astronomy

- Combined existing photospheric models for hot stars with a unique H-alpha data set for the B-type star, Spica
- Wrote programs using Mathematica to process and visualize data from photospheric models of hot stars

Achieving a Circular Orbit Around Neptune Through Aerobraking November 2010 — May 2011
University of Wisconsin—Eau Claire, Department of Physics and Astronomy

- Utilized data from Voyager-2 to construct an atmospheric profile of Neptune
- Wrote programs in Mathematica to simulate the process of aerobraking

PROFESSIONAL
EXPERIENCE

Graduate Research Associate May 2013 — Present
Indiana University, Department of Physics

Graduate Associate Instructor August 2013 — May 2013
Indiana University, Department of Physics

- Duties include teaching labs, leading discussion sections, and tutoring.

Astrophysics Writer January 2012 — October 2014
<http://www.astrobites.com/>

Astrobites is a daily literature journal summarizing new astrophysical research posted to arXiv's astro-ph. Astrobites is written by graduate students for undergraduates.

- Twenty articles written to date (see *Other Writing*)

Graduate Teaching Assistant September 2011 — May 2013
University of Minnesota Duluth, Department of Physics

- Duties included teaching labs, grading, and tutoring.

Sales Associate September 2005 — August 2011
Shopko — Electronics Department, Eau Claire, WI

Physics Tutor September 2008 — December 2008
University of Wisconsin—Eau Claire, Department of Physics and Astronomy

Assistant Teacher July 2007
University of Wisconsin—Eau Claire, Summer Science Institute

- Helped teach students (grades 6–12) how to build a robot from a kit and program it using BASIC and assisted students in learning how to build a computer from scratch with a hands-on approach

Calculus Tutor October 2006 — December 2006
Winona State University, Mathematics Department

- Developed and implemented methods for teaching differential calculus to a blind student

PROFESSIONAL
AFFILIATIONS

American Physical Society (Student Member)
Division of Astrophysics; Division of Particles and Fields

American Association for the Advancement of Science (Member)

American Astronomical Society (Junior Member)
High Energy Astrophysics Division

TECHNICAL
FAMILIARITY

Software	Languages	Operating Systems
ROOT	C++	Unix
Geant 4	Objective-C	Mac OS X
Mathematica	Python	Apple iOS
Adobe Suite	L ^A T _E X	Windows 98–7
Gnuplot	MATLAB	
Xcode 4	html 5, css 3	
	Javascript	

PUBLIC
LECTURES

Predicting the Next Galactic Supernova—How <i>You</i> Can Help <i>Chippewa Valley Astronomical Society: Northwoods Starfest 2013</i>	9 August 2013
Under the Hood: Preparing the Helium and Lead Observatory for Full Operation <i>University of Minnesota Duluth: M.S. Thesis Defense</i>	8 August 2013
Astronomically Patient—The Hunt for Galactic Supernovae <i>University of Wisconsin—Eau Claire: Physics Thursday Seminar Series</i>	4 April 2013
Stealthy Neutrinos and the Search for Exploding Stars <i>Eau Claire, WI: “Ask A Scientist” Seminar Series</i>	20 March 2013
Tornado Physics—A Terrifying Lesson in Fluid Dynamics <i>University of Minnesota Duluth</i>	1 March 2013
The Many Roles of Physicists in Particle Physics Experiments <i>University of Minnesota Duluth</i>	15 November 2012
Searching for Alien Civilizations <i>University of Minnesota Duluth: Astronomy Day</i>	28 April 2012
Space Weather Forecasting <i>University of Minnesota Duluth</i>	6 April 2012
Science in Seattle: The Latest Astronomy Findings from the 217th AAS Meeting <i>University of Wisconsin—Eau Claire: Physics Thursday Seminar Series</i>	11 February 2011
The Formation and Evolution of Supermassive Black Holes <i>University of Wisconsin—Eau Claire</i>	17 December 2010
Determining the Radial Location of the X-ray Emitting Zones of Spica <i>University of Wisconsin—Eau Claire: Physics Thursday Seminar Series</i>	19 November 2009
